DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 2, 2006 has been entered.

EXAMINER'S COMMENT

Drawings

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: specifically, Fig. 8 was approved by Examiner in 20041112; wherein, the applicant agreed through submission of marked up copy of Fig. 8 on September 3, 2004. In addition, Examiner apologizes for the inconvenience, but Examiner does approve correction of Fig. 12 submitted on September 24, 2002; wherein, the applicant agreed by submitting the marked up copy of Fig. 12 on September 24, 2002. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes. Therefore, replacement sheets of Fig. 8 and Fig. 12 must be submitted. Examiner reminds the applicant:

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

Replacement Drawing Sheets

Drawing changes must be made by presenting replacement sheets which incorporate the desired changes and which comply with 37 CFR 1.84. An explanation of the changes made must be presented either in the drawing amendments section, or remarks, section of the amendment paper. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). A

Art Unit: 2877

replacement sheet must include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of the amended drawing(s) must not be labeled as "amended." If the changes to the drawing figure(s) are not accepted by the examiner, applicant will be notified of any required corrective action in the next Office action. No further drawing submission will be required, unless applicant is notified.

Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and within the top margin.

Annotated Drawing Sheets

A marked-up copy of any amended drawing figure, including annotations indicating the changes made, may be submitted or required by the examiner. The annotated drawing sheet(s) must be clearly labeled as "Annotated Sheet" and must be presented in the amendment or remarks section that explains the change(s) to the drawings.

Timing of Corrections

Applicant is required to submit acceptable corrected drawings within the time period set in the Office action. See 37 CFR 1.85(a). Failure to take corrective action within the set period will result in ABANDONMENT of the application.

If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings **MUST** be filed within the **THREE MONTH** shortened statutory period set for reply in the "Notice of Allowability." Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136 for filing the corrected drawings after the mailing of a Notice of Allowability.

Allowable Subject Matter

3. **Claims 51-56, 58-61** are allowed.

4. The following is an examiner's statement of reasons for allowance:

As to **claim 51**, the prior art of record, taken alone or in combination, fails to disclose or render obvious in an exposure apparatus the particular laser interferometer with the particular controller, in combination with the rest of the limitations of **claims 51-56, 58-61**.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

5. Applicant's arguments, see Remarks, filed August 2, 2006, with respect to the previous rejection of the claims under 35 U.S.C. 103(a) have been fully considered and are persuasive. Due the persuasiveness of the arguments as well as due to the amendment of claims the previous rejection of the claims under 35 U.S.C. 103(a) has been withdrawn.
